SKILLS

- **Programming Languages:** Python, Java, SQL
- **Web Development:** HTML, CSS, JavaScript, React
- **Data Tools:** MySQL, Oracle (basic), Excel
- **Soft Skills:** Communication, Teamwork, Leadership, Teaching

EXPERIENCE

- Trainer at Robomonnk <https://www.robomonnk.com/>

At Robomonnk, I work as a Coding, Python, AI/ML, and Robotics Instructor for school students. I joined in May 2025 after completing my B.Sc. in Computer Science. I teach basic Python programming, introductory Robotics, and AI/ML concepts like image classification and automation using beginner-friendly tools. Students build fun, hands-on projects such as Python games and line-following robots. I also assist in content creation, lesson planning, and workshops. This role is helping me grow technically and as a teacher. It aligns with my M.Sc. in Data Science at Thakur College and strengthens my communication, creativity, and problem-solving skills.

ACADEMIC

- Bachelor of Science (B.S.) Computer Science (Final Percentile 9.55)
Ratnam College - University Of Mumbai <https://ratnamcollege.edu.in/>
- Master of Science (M.S.) Data Science (Pursuing from 2025)
Thakur College - University Of Mumbai <https://www.tcsc.edu.in/>

PROJECTS

- **Personal-Face-Recognition-Attendance-System**
PHP 67.1% CSS 17.0% JavaScript 10.1% Hack 5.8%
A robust system designed to authenticate individuals and record attendance using **facial recognition technology**
- **spoti**
CSS 38.1% HTML 61.9%
Spotify Clone built using [insert technologies [HTML5, CSS]]. This project replicates core features of the Spotify web player

COURSES

Data Science and Algorithm - Apna College – Ongoing
