## PROFESSIONAL AND ACADEMIC QUALIFICATIONS

Motivated Data Science postgraduate student with a strong foundation in Computer Science, Python programming, and introductory AI/ML concepts. Experienced as a trainer teaching Python, AI/ML, and robotics to school students. Passionate about research, data-driven problem solving, and building practical ML-based systems. Seeking opportunities in data science internships, research labs (Japan-focused), and AI/ML roles.

| Institute/ University/ BOARD | Course | Semester | Year | Marks in Percentile | Remarks |
|---|---|---|---|---|---|
| Thakur College | Msc. Data Science | I | 2025 | Pursuing | |
| Mumbai University | Bsc. Computer Science | I | 2023 | 8.00 (out of 10) | Passed in first attempt |
| | | II | 2024 | 9.40 (out of 10) | Passed in first attempt |
| | | III | 2025 | 9.55 (out of 10) | Passed in first attempt |
| NES Jr. COLLEGE - Maharashtra Board | HCS - Science (PCMB,IT) | | 2022 | 65% | Passed in first attempt |
| NES HIGH SCHOOL - Maharashtra Board | SSC | | 2020 | 84% | Passed in first attempt |

## EXPERIENCE

| Compani | Position | Start Date | Remark |
|---|---|---|---|
| Robomonnk | Trainer | May 2025 | At Robomonnk, I work as a Coding, Python, AI/ML, and Robotics Instructor for school students.<br>I teach basic Python programming, introductory Robotics, and AI/ML concepts like image classification and automation using beginner-friendly tools. I also assist in content creation, lesson planning, and workshops. |

# TECHNICAL SKILLS

**Programming Languages:** Python, Java, PHP, JavaScript
**Web Technologies:** HTML5, CSS3
**Databases:** MySQL, Basic Oracle, SQL
**Data Science & ML:** Python for Data Analysis, Introductory Machine Learning, Computer Vision (basic)
**Tools & Platforms:** Git, GitHub, Oracle Cloud Infrastructure (OCI), Canva
**Productivity:** MS Word, Excel, PowerPoint, Google Sheets

---

# PROJECTS

## Face Recognition Attendance System

**Technologies:** Python, OpenCV, NumPy (conceptual), Machine Learning basics

- Designed and implemented a facial recognition-based attendance system
- Automated identification and attendance marking using facial feature matching
- Improved accuracy and reduced manual intervention in attendance tracking
- Demonstrated practical application of computer vision in real-world scenarios

## Spotify Web Player Clone

**Technologies:** HTML5, CSS3

- Developed a responsive front-end clone of the Spotify web interface
- Replicated core UI components such as playlists, navigation, and player layout
- Strengthened understanding of responsive design and UI structuring

---

# CERTIFICATIONS & COURSES

- Data Science & Algorithms – Apna College (Ongoing)
- Web Development & Quantitative Aptitude – Apna College Sigma-6 (Ongoing)

# SOFT SKILLS

Communication • Teamwork • Leadership • Teaching • Problem Solving

---

# EXTRA-CURRICULAR ACTIVITIES

Swimming • Chess • Drawing

---

# RESEARCH & CAREER INTERESTS

- Web Development
- Data Science Research
- Database Administrator (DBA)/Developer
- Educational Technology
